maniglie optional *optional handles*

cod. M120

cod. M160

cod. M170

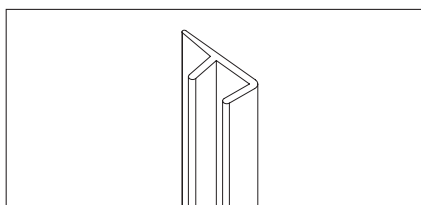

Guarnizioni

Seals

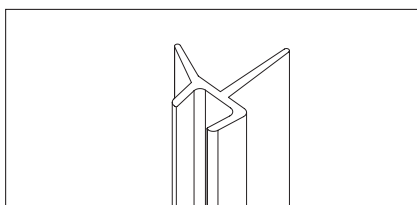

L'uso quotidiano e frequente della Vostra cabina doccia può portare al deterioramento di guarnizioni, cerniere, snodi e profili, ma ciò non vuol dire che sia necessario sostituirla completamente. È sufficiente, invece, cambiare solo le parti ammalorate, con i ricambi originali, per avere un box doccia sicuro e funzionale come fosse nuovo.

The daily and frequent use of your shower stall can lead to the deterioration of seals, hinges, junctions and profiles, but that does not mean that it is necessary to replace it completely. It is sufficient, however, change only the damaged parts with original ones, to have a shower safe and functional as it was new.

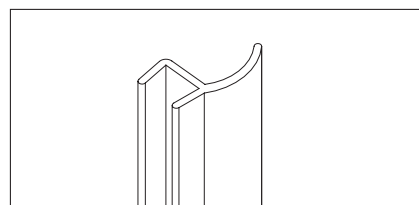

Guarnizione gocciolatoio verticale.
Vertical drip seal
cod. RIC107

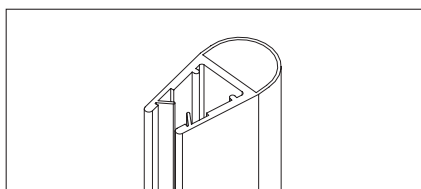

Guarnizione gocciolatoio inferiore.
Lower drip seal
cod. RIC108

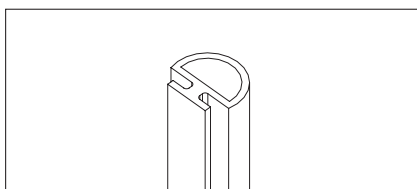

Guarnizione gocciolatoio inferiore.
